Welcome to the Leeds Mobile Discord

We are a community dedicated to creating learning opportunities and a welcoming space for everyone building digital products in and around Leeds. Whether you work in development, design, product management, testing, or you're simply exploring tech as a student or hobbyist - regardless of your experience level, we are glad you are here!

To ensure this remains a safe and positive environment for everyone, we have a few ground rules.

Our Core Rules (The TL;DR)

- Be excellent to each other.

Participate in a supportive way. Exercise consideration and respect in your speech and actions, and always attempt collaboration before conflict.
